

Junior Architectural Assistant

Scenario Architecture is looking for a design-oriented Architectural Assistant (Part 2/equivalent) to focus on RIBA stages 0-4 using ArchiCAD (In house training available)

We are a dynamic studio specialising in high-end private residential projects.

Our design methodology is uniquely collaborative, with the client as the focus of the design process.

We create bespoke, functional, sustainable, and beautiful homes that are based on the methodical analysis and simulations of the unique way in which people wish to interact with the space around them.

Each project is allocated a team of three with each individual member specialising in one of the following key aspects – Design, Technical Design, and Management.

We are looking for an architectural assistant to work on Design & Planning aspects within multiple of these project teams.

The successful candidate must have:

- Outstanding design and space planning skills with the ability to articulate high-quality and detailed schemes, thinking, and creating directly within a 3D environment.
- Ability to produce high-quality 3D visualisations and photo-realistic renders.
- Excellent time management and multitasking skills, with the ability to meet tight deadlines.
- Outstanding communication and presentation skills, alongside the ability to liaise effectively with other team members, clients, planners, and consultants.
- Keen interest in current and emerging trends, new materials, furnishing, and lighting solutions.
- High levels of team spirit with a collaborative and positive approach.
- Eligibility to work permanently in the UK and fluent written and spoken English.

The successful candidate would ideally have:

- Strong skills using 3D design software (Ideally ArchiCAD)
- Understanding/some experience with UK planning procedures and policies.
- Strong abilities in interior design through the selection of finishes, fixtures, and fittings as well as lighting design.
- Some experience with high-end residential projects for end-users.
- Good understanding and basic applied knowledge of sustainable design.

Practice Structure & Characteristics:

- Boutique in scale and approach, ensuring a friendly, personal, and high-quality service to our clients.
Stable, long-standing, and experienced full-time team, without juniors, temporary or part-time employees.
- Non-hierarchical, with team members collaborating seamlessly to achieve common objectives with high levels of team spirit and custodianship.
- Autonomy, each team member has the freedom to act and take decisions independently within the jurisdiction of their role and the Scenario Vision, with other team members, including the funding directors, supporting and advising only.
- Flexible approach to HR, with trust-based flexible working hours driven by allocated tasks & milestones and delivered by self-imposed priorities and disciplined, individual time management.
- Strong brand identity, office culture, and high levels of team spirit.

How to apply:

Please submit your CV and portfolio to info@scenarioarchitecture.com
